

Final Approved

~~Preliminary~~ minutes Vestry Meeting

Sunday March 20, 2022

A request has been to reformat the meeting minutes to be more in line with Roberts Rules of Order. Accordingly, the proposed revision shows only complete names, eliminates discussions, does not mention who seconded a motion and other changes as noted. Items removed are struck through and items added are underlined. In addition the annual meeting minutes must be accepted at the next annual meeting so the motion about that is void.
